# SERVICES FOR JOB SEEKERS

### About KRA

KRA operates nationally, contracting with federal, state, and local agencies that provide workforce development, training and related services to businesses and job seekers. At every level of our organization, KRA holds leaders and staff alike to an exceptional level of service standards and customer readiness.

### Building Relationships with Job Seekers

As a trusted partner, our outcomes-driven models leverage resources and relationships across workforce development, education, economic development, labor, and business and industry to build programmatic innovations and grow regional economies. KRA provides services to adult jobseekers and out-of-school young adults through its operation of America's Job Centers and TANF programs across the U.S., preparing jobseekers for work in high-growth, high demand industries.

### Delivering Results

KRA Corporation is committed to the highest level of customer service standards for our federal, state and local agency customers. We see WIOA as an opportunity to create integrated programs across workforce development, education, and human services to improve the opportunities available to these customers. KRA's proven approach is aligned with the new legislation. We will ensure our organizational success through strategic planning, operations management, integrated service delivery, continuous process improvement, program redesign, innovations and exceptional customer service. Our formula leads to outstanding results.
